“Applied Petroleum Geology for Engineers” Course

Houston, TX

ASME-IPTI in partnership with Colorado School of Mines

John Curtis, Course Instructor

Are you new to the petroleum industry or simply trying to carry on a conversation with your geology and geophysics colleagues? This course is a practical way to gain a better understanding of the “G&G” world.

“Great investment. A course you don’t want to miss.”

Sign up now, as space is very limited!

Who Should Attend This Course? This course is designed for early career professionals, particularly degreed engineers with little or no formal training in geology.

Course Description

We will build on your existing science and engineering background in order to enhance your professional growth in those areas of geology related to petroleum exploration and development. This applied course will be centered around the concept of a Petroleum System – an integrated understanding of hydrocarbon source, migration, reservoir, trap, seal and timing.

Earn 40 PDH’s or 4 CEU’s

Course Rates: (for 5 day course)

Early Bird - Member (On or before 07/07/08) - \$2800

Early Bird - Non-Member (On or before 07/07/08) - \$3000

Regular Rate - Member (After 07/07/08) - \$3100

Regular Rate - Non-Member (After 07/07/08) - \$3300

A continental breakfast, afternoon snack and beverages will be provided each day of training. Students are responsible to purchase their own lunch.

Cancellations/Refunds: Cancellations made through July 17, 2008 will receive a refund, less the non-refundable registration fee of \$200. Refunds are not available after July 17, 2008. Substitutions for individuals enrolled may be made at any time.

ASME-IPTI reserves the right to cancel a course if enrollment is insufficient to ensure maximum effectiveness. This decision is made approximately two weeks before the course begins. If this occurs, enrollees will receive a full refund or be given the opportunity to transfer to another course date. Keep our cancellation policy in mind when making airline reservations, as ASME-IPTI cannot be responsible for fees charged for canceling or changing your airline ticket.
